TRAVEL IN (YOUR) STYLE

Whether you're preppy or boho, a modernist or naturalist, let your disposition determine where you and your new husband will honeymoon.

ROSEDON HOTEL BERMUDA

BUSINESS CASUAL Treats Bermuda shorts and knee-high socks.

WHERE TO STAY Fondly called "The Pink Palace," the **Fairmont Hamilton Princess** has been a hot spot since the late 1800s, when Mark Twain was a regular (from \$299 a night, fairmont.com). Also legendary is its high tea. For more boutique-y digs, go for **Rosedon**, a 39-room mansion that retains the feel of its past life as a private home (from \$230 a night, roседon.com).

WHERE TO EAT Most restaurants serve fish chowder, but the **Hog Penny Pub** does it best (hogpennypub.com). The top cocktail? That's a tie between the Dark and Stormy and the Rum Swizzle, a mishmash of rums and fruit juices. Have the former at **The Dock at the Waterlot Inn** (fairmont.com) and the latter at the **Swizzle Inn**, whose motto is "Swizzle Inn, Swagger Out" (swizzleinn.com).

DON'T MISS Swing by Stewart Hall, a 306-year-old cottage housing **The Bermuda Perfumery**, which makes fragrances using the area's flowers (bermuda-perfumery.com).

WHEN TO GO Late spring, before summer break hits and the island fills up.

HOW TO GET THERE Fly 2½ hours from New York City to BDA, then catch a half-hour cab ride from the airport.
