BesTrix Team.**

# Please read before installing

- ✓ Please read this user manual carefully and follow the instructions to ensure your satisfaction from our product
- ✓ This holder can be installed on the windshield or on the dashboard (need to install the dashboard pad firstly).
- ✓ We recommends to use the included Dashboard Pad for dashboard mounting only. This will help mounting on curved and textured surfaces as well as prevent any protentional dashboard damages.
- ✓ The adhesive tape on the underside of the dashboard pad is not reusable, please test the position of your mount before you remove protective cover and stick it to your dashboard, Bestrix is not liable for any damages related for product misuse.
- ✓ Do not install the holder under direct sun. we recommend the surface and product to be above 40° F
- ✓ After installation wait 2 hours before use.
- ✓ Do not operate phone and holder while driving.
