WHEN YOU CONSIGN:

Don't be afraid of consigning items in the off season. It is winter in Argentina, Australia and South Africa in June, July & August.

Check zippers and buttons to make sure they are functional & intact.

Check the underarms and neck for stains.

For shoes, check the interior, exterior and heels to make sure they're in nearly mint condition.

Sometimes we may make exceptions and consign other designers and brands that are not on this List. Just ask us.

Be sure to include any receipts you may have for designer items. This proves their authenticity.
