# SMART IAQ Sensor Product specs

EnviroKlenz SMART IAQ Sensor

- Power Requirements: DC 12V/2A, or Standard 120V

- Wireless Connection: Bluetooth, 2.4 GHz/5GHz, WIFI

- Dimensions, per sensor: 5in(L) * 2in(W) * 3in(H)

- Weight: 300g

- Treatment size: 2 sensors for 20-40ft vehicles, 3 sensors for 50ft+ vehicles

- Measures: PM2.5, PM1, TVOCs, CO2, CO, Temperature, Humidity

- Integrates With: EnviroKlenz SMART Mount™ filtration system

EnviroKlenz SMART Science™ Dashboard

- Offers real-time and historical data readings of up to 7 different in-room conditions, manual control of SMART ecosystem, data reporting capabilities for benchmarking, and AI & ML performance recommendations
- Buildings or fleets can utilize dashboard capabilities for energy tracking, hierarchal digital property organization, and robust management of connected devices for lighting, HVAC, audio, existing building management systems and more

---

AIR CLEANING INTEGRATIONS: COMPATIBLE WITH SMART SCIENCE™ SYSTEM

EnviroKlenz SMART Mount™

- Model number: ED340-0300-SMRT
- Square Foot Coverage: 440 - 600
- Power Requirements: 12 V, 100-240 V
- Airflow rate: 350 m3/h, 97L/S
- Decibels: Silent - 34dB, Night - 45dB, Low - 50dB, High - 60dB
- Dimensions: 14" L x 6" W x 14" H
- Weight: 12.1lbs
- Components: EnviroKlenz SMART Filter, independent SMART IAQ Sensor
- Applications: Buses, Trains, Aircrafts, Industrial facilities, Hotel rooms, Restaurants, Convention centers, Casinos, Other large spaces

EnviroKlenz SMART Cube™

- Model Number: ED340-0250-SMRT
- Square Foot Coverage: 1,000
- Power Requirements: 115V/60Hz/ 1 amp
- CFM (for each speed): 85, 150, 200, 250; 350
- Decibels: Whisper Mode: 54; Low: 56; Medium: 59; High: 62
- Dimensions: Depth: 15" x Width: 15" x Height: 19"
- Weight: 38lbs
- Components: EnviroKlenz SMART Filter, SMART IAQ Monitor
- Applications: Public buildings, corporate offices, classrooms, other highly occupied spaces
