

we love eyes® 

**Rule #1:
Never, ever,
ever sleep
in your eye
makeup
again, xo.**

Use this kit for safe, everyday eye makeup removal, xo.

Step 1: Use 5 drops on a cotton pad for all eye makeup including waterproof.

Step 2: Use 2 pumps on the eyelids & face as a final wash off.

I created We Love Eyes because my patients wanted to remove their eye makeup with healthier ingredients.
