**Rule #3:  
Take the  
dirty out of  
false lashes  
& lash exten-  
sions, XO.**

When it comes to eyelash care,  
let us do the dirty work, xo.

Falsies: Massage  
falsie w/ 2 pumps of  
foam in the palm of  
your hand. Rinse with  
water.

Lash Extensions: Use 1  
pump on a makeup brush  
and wash eyelids. Rinse  
makeup brush with water  
and use brush to rinse off all  
foam from eyelids.

I created We Love Eyes  
to provide my patients with  
a healthy & safe answer to  
false eyelash care.
