

MUSTANG SURVIVAL

WE SAVE LIVES FOR A LIVING

SENTINEL™ SERIES – WATER RESCUE DRY SUIT

GSA MSD624

The MSD624 is a waterproof & breathable constant wear water rescue dry suit ideal for flood, swift water & ice rescue. By reducing bulk and increasing range of motion, the Sentinel™ Water Rescue Dry Suit makes an excellent dry suit for the most demanding water rescue technicians.

SIZE	Mobility Based Sizing™ – See reverse page or visit www.mustangsurvival.com/mobility
COLORS	Fluorescent Yellow-Green/Black
CUSTOMIZATION	Agency markings, alternate wrist and neck seals, and other colors available by special order
CLO	Immersed Clo 0.66 when worn with Mustang Survival Dry Suit Liner MSL600 and silk weight thermal underwear
AUTHORIZATION	FEMA USAR Equipment List (Part # WA-0124.00)

GORE-TEX® waterproof and breathable dry suit fabric

Neck seal protective collar for improved abrasion protection

Rapid Repair CCS™ patented adjustable neck seal allows the user to easily vent the suit reducing the thermal burden, but quickly close the neck seal with one hand to make it watertight

Ballistic nylon reinforced flexible molded foam elbow pads

Shoulder pocket with pen holder

Two-point attachment removable suspender system for improved fit, mobility and comfort over traditional suspender systems

YKK metal entry zipper

500 Denier nylon reinforced overcuffs with Velcro® closures for adjustability

SOLAS retro-reflective tape on the arms for increased visibility

Adjustable waist band

Rapid Repair Technology™ enables users to field replace wrist seals in an hour or less (trim-to-fit neoprene wrist seal standard)

TIZIP® relief zipper

Ballistic nylon reinforced seat

Adjustable tailbone protector

2 thigh cargo pockets

500 Denier nylon reinforced overcuffs with side zipper for donning over boots, and Velcro® closures for adjustability

Ballistic nylon reinforced flexible molded foam knee pads

Integrated GORE-TEX® dry socks

MOBILITY BASED SIZING™

EXCLUSIVE INNOVATIVE DRY SUIT DESIGN THAT REDUCES BULK WHILE INCREASING FIT, COMFORT & MOBILITY

The Mobility Based Sizing™ platform is like none other currently in the industry.

To order a suit that fits you best, please follow the instructions below:

STEP 1

For accurate measurements, please refer to the measurement diagram and instructions provided.

All measurements should be taken with a "tailors" (flexible) tape while wearing garments and armour usually worn under the dry suit.

	DESCRIPTION	MEASUREMENT	PROCEDURE
1	Chest		Measure the horizontal circumference around the chest at maximum girth. For males, this is typically where the tape runs under the armpits at the scye. For females, this is at the bustline.
2	Waist		Measure the horizontal circumference around the waist (belt) line.
3	Hips		Measure the horizontal circumference around the hips and buttock at maximum girth.
4	Sleeve		With your arms horizontal, bent at the elbows, and with your fists touching knuckle-to-knuckle out from the chest, measure the distance from the center of the back along the outside of the arm to the outer tip of the wrist.
5	Inseam		Measure the vertical distance from the crotch to the floor. Use a book pressed firmly up between the legs and measure from the top of the book.
6	Torso Hoop		With your shoulders relaxed and the tape running over the center of one shoulder and between the legs, measure the vertical trunk circumference
7	Height		Vertical standing height with good posture and no footwear.

STEP 2

Based on your measurements, determine your size according to the chart below. If all your measurements fall between the ranges of two sequential sizes (such as between S and M) select the size that best fits your Torso Hoop and Inseam.

DESCRIPTION	XS	S	M	L1	L2	XL	XXL	3XL
Chest	35-38"	37-40"	39-42"	41-44"	43-46"	45-48"	49-52"	53-56"
Waist	29-32"	31-34"	34-37"	35-38"	37-40"	41-44"	46-49"	51-54"
Hips	37-40"	38-41"	39-42"	40-43"	41-44"	43-46"	47-50"	53-56"
Sleeve	29-31"	31-33"	33-35"	34-36"	35-37"	36-38"	37-39"	38-40"
Inseam	28-30"	30-32"	32-34"	33-35"	34-36"	34-36"	34-36"	34-36"
Torso Hoop	59-62"	62-65"	65-68"	67-70"	69-72"	71-74"	76-79"	78-81"

STEP 3

Based on your height, determine your suit length according to the chart below.

HEIGHT	XS	S	M	L1	L2	XL	XXL	3XL
Short	57-60"	61-64"	65-68"	66-69"	68-71"	70-73"	72-75"	72-75"
Regular	60-63"	64-67"	68-71"	69-72"	71-74"	73-76"	75-78"	75-78"
Long	63½-66½"	67½-70½"	71½-74½"	72½-75½"	74½-77½"	76½-79½"	78½-81½"	78½-81½"

Following Steps 1 - 3 should bring you to one comprehensive size such as L1 Short or Medium Regular, which is a combination of your overall measurements (chest, waist, etc.) and your height.

Please note: If all your measurement DO NOT fall into the range of two sequential sizes, for example, chest measurement is Medium but Waist measurement is in L2, you may require a full customized suit. Please contact your Mustang Survival Representative for more information.
