

The Curly Hair Guide: How to Switch Up Your Hair Regimen for Spring

BY [VERNA MEACHUM](#) | 3.19.20 | [f](#) [t](#) [p](#)

Your hair isn't called your 'Crowning Glory' for nothing. To keep your curls radiating and healthy, a bit of care is needed. While you should take good care of your hair at any given time, come Spring, it becomes more critical.

The best way to prepare your crown for the changes in weather begins with what you eat to the types of products and styles you wear. Need details on how to provide the best care for your hair as the season changes? Keep reading.

Here are some products that will provide hold while keeping curls defined:

Bounce Curl has an alcohol-free hairspray for frizz-prone hair for a high humidity season. Bounce Curl also has a leave-in conditioner and curl cream that is perfect for protecting hair during the spring season.
