FREESTANDING FIRE PIT

Freedom, flexibility and eco-friendly functionality – EcoSmart’s freestanding bioethanol fireplaces add warmth, style and ambiance to living and entertaining spaces. Cleverly refashioning the traditional fireplace concept into a piece of portable fire furniture means that you can now enjoy the simple pleasures of an open fire in more places than ever before.

Relocate With Ease

Bioethanol outdoor fireplaces relocate with ease, and this portability is greatly enhanced by the self contained engineering of the EcoSmart system. There is no need for a utility connection, which means you can transform the look and feel of your outdoor entertaining area when desired.

Or, leave your fireplace in a permanent position on the patio and design an enchanting outdoor space using the fireplace as the focal point. It has never been this easy to design a backyard or courtyard that feels so inviting.

Glass Screen Included

The glass screens stabilise the flame in windy conditions and provide an added layer of safety, peace of mind and comfort.

Quick and Easy

With no installation or building works required, simply unpack, put into position, and off you go.

Environmentally-Friendly

Bioethanol fireplaces use an environmentally-friendly, renewable energy source that burns clean and delivers warming heat. You and your guests will enjoy the ambiance and tranquility of a real fire, without the hassles of burning real wood - no more embers, ash, and soot to clean up.

Ground Fixing Brackets

Model comes with fixing brackets for permanently locating into a fixed position.

Versatile and Incredibly Durable

EcoSmart portable fireplaces are versatile, incredibly durable, and are constructed of heavy-gauge glass and weather resistant materials. These appliances are designed to look great for years, and will perform admirably through all four seasons.

OPTIONAL ACCESSORIES

Protective Covers
