

Money Tree

Pachira aquatica

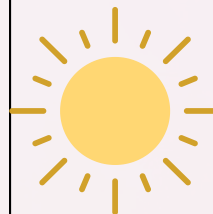

Also known as the Guiana (or Malabar) Chestnut for their edible fruits, this lucky tree is almost always sold as five trees, with their trunks braided together as they grow.

You can continue to braid them as they grow, or let them do their thing!

Watering

Water when
1/2-3/4 dry!

Lighting

Medium-bright
indirect light

**I'm non-toxic -- even
my nuts are edible!**
