For more than 50 years, Apollo Sprayers International, Inc. has manufactured innovative spray equipment in our state-of-the-art factory in Vista, California (USA).

To help protect our communities against COVID-19 and other viruses, we are now producing sanitizing and remediation sprayers for home and commercial use. Our mobile spraying units make protecting homes and businesses – and the people in them – easy, fast and effective.

High volume, low pressure spraying for maximum surface coverage and cost effective results

Spray canister capacity ranging from 8 oz to 2.5 gallons

Backed by Apollo's one to two year limited parts and labor warranty (model dependent)
