## product details

Size large, blue-colored, Disposable Isolation Gowns are FDA registered, and CE certified level 2 medical gowns. They offer economical, comfortable, and reliable protection. Sewn seams provide superior strength. Each gown has sewn seam-enforced neck and waist tie closures which ensure proper fit. Elastic on wrists ensure a flexible fit for different body sizes, and help freedom of movement.

The protective gowns are made of non-woven polypropylene composite with a PE film, and are fully Latex-free.

The light-weight and breathable gowns are intended for healthcare workers and patients as temporary protective clothing for a variety of settings, ideal for exams, lab procedures, surgery, and more.

Suitable for men and women at clinics, hospitals, laboratories, workshops, construction sites, painting, commercial and household inspections for general isolation and protection.

Gowns are safety certified and hygienic and come individually packaged.
