

SPRING DENIM STYLING GUIDE

My favorite ways to give my island style to my denims

SEA STAR BEACH SHIRT

Do you like a classic white shirt? This is my Spring favorite. The young girls call it their “boyfriend shirt” and wear it oversized and lose over their swimsuits, but as a nearly 50 year old, I love how it looks over my comfy old jeans... super comfortable and easy to wear. Pure cotton stays cool as the days heat up, and if I need to make it a little more stylish I just add a bright colored scarf.

We might not have been able to travel to tropical island paradise in a very long time, but we can still have a subtle hint of the islands in our everyday wardrobe.

TANGO OVERSIZED TEE

Have you found yourself spending more time at home in 2020 than ever before? Has your wardrobe changed to be less “work” clothes and more “comfort” clothes? I just love this slouchy oversized tee, it has cute pineapples embroidered on the front so I can always have my island vibe..... and the fabric is so dreamy light and soft.

The sleeves are cut narrow so that you can pull them up to a length that suits you. Love this look with my slouchy comfy jeans and some comfortable white trainers (if I have to leave the house)

ARAWAK OVERSIZED TEE

Relax, this pandemic cannot go on forever.... in the meantime it's not so easy to get on a plane and relax under the palm tree's, but I love that comfort has become a new priority in our lives.

To add more dreamy soft comfort to the whole idea of a beach tunic, I have added these great oversized tee's that are longer in the back and have narrow sleeves so that you can pull them up.

I just love to pair this relaxed slouchy style with any of favorite jeans.

SEA STAR HOODIE

Spring might signify the start of warmer weather, but for the earlier months in Spring we all still need a little snuggly fleece.

This season we have leant our love of starfish to the coziest soft cotton hoodie.

What I love most is that you can get the hoodie in classic navy, which I adore..... or you can go for some bright colorful spring colors to really get you warmed up for Spring..... & they all look adorable with your favorite old denims too!

ANCHOR 3/4 SLEEVE TEE

Are you ready to ANCHORS AHOY (that means lift your anchor ladies) and sail out of a never ending Winter or an even longer time of covid-lockdowns... and sail into a Spring of freedom.

That is surely what us beach island girls the world over are dreaming of.

I just love how the nautical look is a perfect match for all of the denims in our wardrobe. This boat neck tee has 3/4 sleeves and is made of soft pure cotton - perfect weight for Spring.

CORAL REEF KIMONO SCARF

Do you feel like your jeans and white tee look is an easy staple, but sometimes just doesn't feel dressy enough?

I love to team it up with my Coral Reef Kimono Scarf. Usually I put it on as a Kimono, but before long, I grab it in one of the back bottom corners, and drape it around my neck as a scarf.

Those tassels add instant island girl chic to an otherwise simple jeans look.
