Nata Chrome Adjustable Bar Stool

The Nata adjustable bar stool by Bontempi Casa seamlessly combines comfort and style to make it a one-of-a-kind seating solution. The swiveling and height-adjustable seat is a convenient feature that allows it to be used at a bar, counter, or table. With contrasting finishes, it creates a vibrant juxtaposition for a complementary touch. Thanks to the slightly curved back, it molds to your body and offers comfort and support for hours.
