Red Wine

Body & Front Drawers Finish - Wood

Walnut

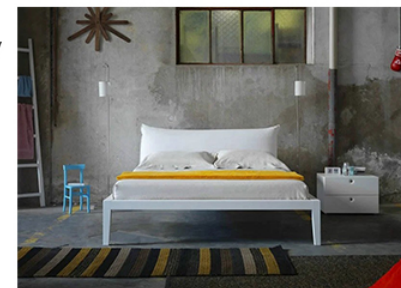

Mocha Beech

Drawer Sides Finish - Aluminum

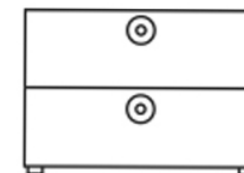

The Anish nightstand is characterized by drawers whose handles, obtained by subtraction, functionally lighten the aesthetics of the fronts, declaring the composition of the compartments. The detail draws attention to itself, like an invitation to reveal its content.

Structure and front drawers made from particleboard or MDF, either veneered or lacquered. Drawers with self-locking slide runners and sides made from anodized aluminum.

MATERIALS

- Metal
- Wood
- Aluminum
