Alma on the Ground Bookcase

2011 - 2012

FINISHES

Structure Finish - Metal

White

Beige Grey

MATERIALS

- Metal

Lightness and strength, linearity of perception and irregularity of detail, Alma-a-Terra satisfies these contradictions thanks to the different heights, depths and sizes of the modules. Three modules, small, medium and large that can be composed to your taste.

Embossed painted metal containers. The elements can be placed on the ground or fixed to the wall. A back panel hides the screws for fixing to the wall.
