## Autoreggente Square Dining Table

2013

### FINISHES

Structure Finish - Wood

Natural Oak

Walnut

Top Finish - Glass

Tempered

### MATERIALS

- Glass
- Wood

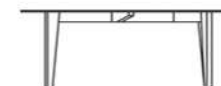

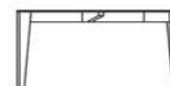

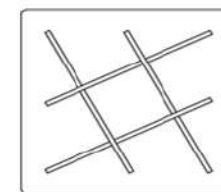

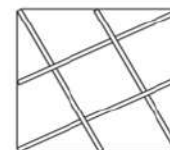

The legs of Autoreggente, apparently slender, lean and fit one on top of the other. The balance of forces expresses movement and instability but the union and solidarity of the weave generate strength and robustness, and the table stands firmly by itself.

Table with 12 mm tempered glass surface and legs/frame in solid wood.
