Capriata Extendable Dining Table

1997

FINISHES

Top & Leg Finish - Wood

Mocha Oak

Natural Oak

Whitened Beech

MATERIALS

- Wood

Capriata is a table featuring an unusually narrow and long top. Such proportions, beyond being very practical in certain furniture combinations, allow full visibility of the perfect dimensions of the supporting structure, reminiscent of wood roof trusses.

Table extensible in width by means of two extensions with folding opening. Top and extensions are made of oak veneered particle board panels. Legs in solid oak wood.
