MATERIALS

- Glass
- Wood
- Steel

Boxinbox - A series of low tables and closed and open storage furniture, designed like a box within a box, in laminated 5+5 mm. thermo-welded extralight glass. These are placed on a base of reflective polished stainless steel. A space within the transparent extralight glass unit glued at 45° allows a second element with storage function available in transparent coloured glass. In the collection there is also a low storage table with six shelves in laminated 5+5 mm. glass in the same above-described colouring. Also these ones are thermo-welded and have a base in reflective polished stainless steel. The collection is complemented by functional objects storage cases in Zebrano wood with dovetail joints.
