

COMO MIRROR

Design Edward Barber & Jay Osgerby

FINISHES

Frame Finish

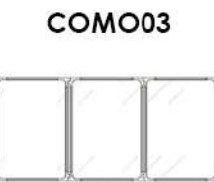

MATERIALS

- Metal
- Mirror

Como - The mirror is characterized by a beveled perimeter with rounded corners, perfectly following the shape of the frame. Available in two versions, one with a single panel and the other with three panels joined together by means of pin-hinges integrated into the frames and finished down to the finest details. The central panel is fixed to the wall, while the side panels rotate allowing them to be partially or completely open. When the side panels are closed, the mirrors are hidden as in a precious treasure chest, leaving the rear side visible, elegantly refined in matt lacquered glass.

Available Dimensions: L x D x H

COMO01 - 57.87" x 62.99" (147x 160 cm)

COMO02 - 18.89" x 62.99" (48x 160 cm)

COMO03 - 57.87" x 27.55" (147x 70 cm)

COMO04 - 18.89" x 27.55" (48x 70 cm)
