

HUB CUT DINING TABLE

Design Piero Lissoni

FINISHES

Tabletop Finish

Hollow Cylinder Finish

Base Plate Finish

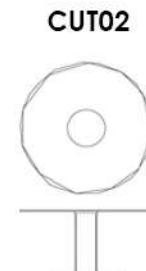

MATERIALS

- Glass
- Mirror

Hub Cut - High tables with top in 15 mm. thick extralight tempered glass, with edge characterized by precious and brilliant beveling of various widths and angles. The top is supported by a base composed of a hollow cylinder in borosilicate glass and a foot in extralight tempered mirror 12mm thick. The top can be disassembled and fixed to the base thanks to stainless steel anodized aluminum rings.
