#### Support Cylinder Finish

Transparent Borosilicate Crystal

### MATERIALS

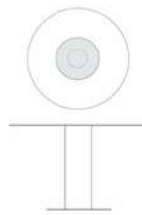

- Glass
- Mirror

**Lazy Hub** - Round-shaped high tables with a smooth and silent rotating Ø70 cm disc for serving food, perfectly recessed and flush in the center of the tabletop. The outer ring of the top and the foot of the table are in 12 mm tempered glass, glossy or opaque lacquered, while the rotating disc is available in tempered glass in the same finishes, or in colored laminated mirror (same colors of transparent colored glass). The removable top is supported by a borosilicate glass cylinder, fixed to a ballast positioned under the lacquered glass foot.

Finishes: Glossy lacquered glass, Matt lacquered glass, Transparent colored glass (mirror) - only for the rotating disc.

### Available Dimensions: L x D x H

**LAZ01**
