

NESTING

Design Ronan & Erwan Bouroullec

FINISHES

Glass Finish

Amber

Transparent Glass

Top Plates Finish

Steel Plate

MATERIALS

- Glass
- Steel
- Metal

Nesting - High tables made entirely from Murano glass, characterized by extraordinary strength and plasticity of the material. The square tops are made with extremely thick poured glass, while the cylindrical legs are in blown glass. Available in amber or transparent glass. The high table legs are attached to the top with stainless steel plates screwed together.

Available Dimensions: L x D x H
