

Side table

Description

All coffee and side tables Overlap have been designed to enhance lightness to a heavy raw material like marble. Four cavities on top, one for each side, envelope the legs that support the marble top, with rectangular shape and rounded corners. A metal ring hugs the legs making the pieces of this collection even more unique. They are available with marble legs or with wooden lacquered legs.

Materials

Marble, Metal

Dimensions

53 W x 44 D x 50 H cm (OVERLAP.4050/MA)
