Domenica Bed With Tall Bedframe

As a tribute to Sunday, the day of rest, the Domenica bed invites you to relax and recline in a solid, warm and protective embrace. A bed where you can relax, read and recline at leisure, gently cocooned by the soft shapes of a structure that creates a safe, intimate corner. One single continuous line draws a delicate, organic silhouette. The exposed zip, is a key feature of the bed profile, transforming the zip from a functional element to a distinctive detail.
