Domenica Upholstered Bed :

As a tribute to Sunday, the day of rest, the Domenica bed invites you to relax and recline in a solid, warm and protective embrace. A bed where you can relax, read and recline at leisure, gently cocooned by the soft shapes of a structure that creates a safe, intimate corner. One single continuous line draws a delicate, organic silhouette. The exposed zip, in fabric, leather or synthetic leather. The removable headboard and bedframe upholstery is made of a single piece of fabric. The lower upholstery of the bedframe and the rear upholstery of the headboard are joined to the bedframe upper upholstery and front of the headboard via a decorative zip.
