

Filo Bed

Versatility is an additional asset for this bed. Its minimalist design and moderate dimensions let it discreetly and elegantly adapt to any environment. Like an uninterrupted seam, the fully-upholstered headboard and bed base frame create a single, continuous shape. The padded headboard is upholstered in hand-tufted or plain leather or fabric. The straight, almost two-dimensional feet are available in Plexiglass, wood, matte lacquered and in matte and glossy metal finishes. Bed has a non-removable fabric, leather or synthetic leather cover.
