MATERIALS

- Wood

Woody features clean-cut, minimalist geometric shapes and astounding proportions. It can be all of q118" (three meters) long without needing to be propped up along the way or interrupted. The top is made of a single plank with 45° beveled edges. The straight, slim, solid wood legs slot into the top following its inclination. Woody's rigorous, minimalist design can be custom sized at no surcharge.

Model TOW00M/TOW00T/TOW00Z
