

GEM TABLE

Design Valentina Carretta

Materials

- Solid wood
- Laminate (HPL)
- Polaris (nanotech material)

FINISH

LAMINATE (HPL)

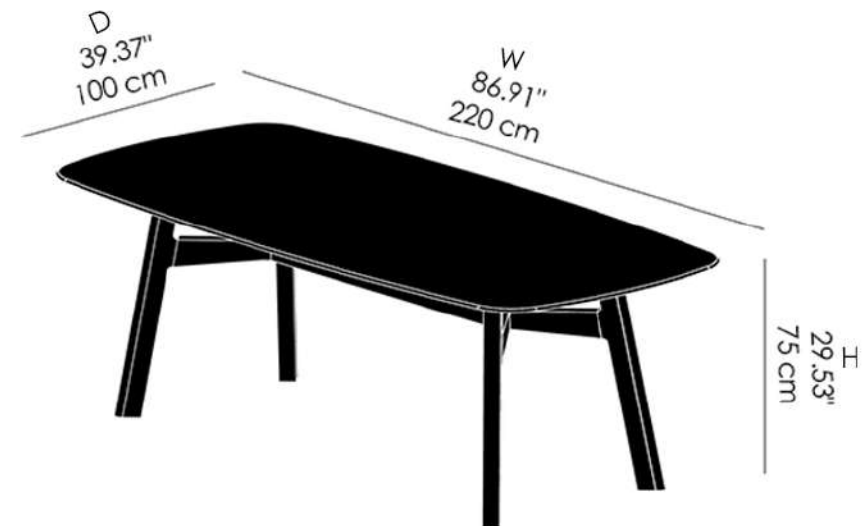

Gem Table : Gem, table characterized by a silhouette apparently simple but expressive. The sensual and harmonious line of the legs bind with the central trunk by means of solid yet invisible joints.

Elegant and sinuous table with solid Wood structure. Top is in CDF (Compact Density Fiber) available in Laminate, Veneer (wood) or Exclusive (Polaris).

Available Dimensions: W x D x H

WOOD

POLARIS
