- Metal

SouthBeach Armchair - As fascinating as a throne and as protective as a cradle, a seat that combines the concepts of strength and softness in a single piece of furniture. The sleek structure, made from solid beech strips, surrounds and supports the seat and the headrest in birch plywood with fabric upholstery.

Frame: solid beech wood 30 mm thickness. It can be lacquered shiny, matt black or white or natural beech.

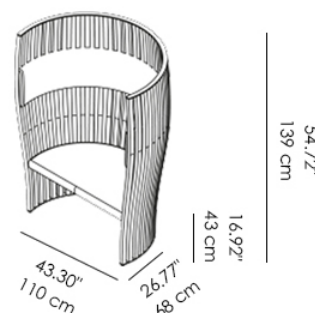

Seat and backrest: birch plywood 24 mm thickness with elastic belts.

Padding: differentiated - density polyurethane foam.

Upholstery: non removable cover.

Available Dimensions: L x D x H
