

## Cruise//Teak Dining Armchair

Designer - Ludovica + Roberto Palomba

FINISHES  
Frame + Cushion

### MATERIALS

- Fabric
- Rope
- Wood
- Aluminum

The Dining Chair of the Cruise Teak Collection is linear in shapes but never banal. The comfortable and high seat, realized in quick dry foam, is covered with weatherproof fabric. The wood of the base and the ropes used to cover the backrest and the armrests make the product in line with the concept of the collection.
