- Powder-coated Aluminum
- Fabric
- Rope

Sinuous and sensual lines find full meaning in the two-seater sofa, a must-have furniture piece to add a touch of elegance to your outdoor living space. The interweaving of the padded rope on the frame, creating fascinating plays of light when the sun rays lay on the slits, is the hall mark of this sofa. The comfortable and cozy seating has a solid and sculptural volume balanced with the softness of the backrest.
