### MATERIALS

- Powder-Coated Aluminum
- Fabric

This sun bed, equipped with wheels, brings out the elegant and linear design typical of the whole collection. The airy and well-defined lines that characterize the aluminum structure catch the eye, while the minimal volume of the cushion, with removable covers and quick dry foam padding, is valorized by the bold and warm weaving of the selected texture. Fine and functional, this sun bed is perfect to enjoy an outdoor relaxing moment.

### Headrest Cushion:
