MATERIALS

- Powder-Coated Aluminum
- Fabric
- Porcelain Stoneware

The Riviera two-seater sofa stands out for its elegant and bright lines that perfectly adapt to your outdoor living space. The refined aesthetics and the fine materials do not compromise the functionality of this product, ensured by the aluminum frame. The quick dry foam padding is upholstered with weather-resistant and removable covers, available in three different colors, wisely combined with the shades of the frame and of the stoneware armrests.
