

## Users

This section is where you can grant access to your CUSTOMER PORTAL to other employees or associates in your company. Add Users manually or import a list of users and then send them a welcome email.

The screenshot displays the Striven Customer Portal interface for managing users. The browser address bar shows the URL: [dbiglobaldemo.customers.striven.com/6689/users/](http://dbiglobaldemo.customers.striven.com/6689/users/). The page header includes a "Submit Request" button and the Striven logo. The main navigation sidebar on the left lists various business functions, with "USERS" highlighted in a red box. The main content area is titled "Users" and "ACTIVE", showing a status filter and "Showing 0 of 0" records. There are buttons for "Add User" and "Import Users". A table with columns for Name, Email, Phone, Location, and Role is present, but it is currently empty, displaying "No records to display". A "Send Welcome Email(s)" button is also visible. The Windows taskbar at the bottom shows the system time as 7:09 AM on 4/23/2020.
