

MFSKS Floor Scale Kit (St Steel)

This Stainless Steel Floor scale / Weigh bar kit includes everything to make your own floor scale or weigh bar, if you have a platform or frame or bar to mount the load cells. This kit is available in 5 capacities from 500kg to 10000kg. With mounting bolts (not included in the kit), you can fix the load cells to your frame .

Kit contains the following:

- 1 * MI102SS Digital Weight Indicator (St Steel)
- 4 * MT401S Shear beam Load cells (St Steel)
- 1 *Water-tight Stainless Steel Junction Box
- 1 * 5 meter cable (to connect from Jn box to indicator)
- 4 * Non-Skid Swivel Feet
- 4 * Spacer plates
