Double Press **APPLAUSE** for Laugh Sound

When mic battery is low, use USB-C Cable to charge via charging socket on bottom of mic, either from USB Input on Rear Panel of Speaker or any USB wall plug. Please note, mic can be used whilst charging, but quality may reduce

### MISC

Bluetooth is default mode when turned on, search for device name **NANO** using smart device to connect. If you cannot find or connect to **NANO**, ensure there are no other devices connected to the unit. You must disconnect other devices before connecting new one. If you are unsure which device is already connected, take speaker to a different room and attempt connection again.

TF CARD / USB / AUX Modes will only be available when TF CARD, USB or AUX Cable are connected

Do not use Microphones too close to Speaker to avoid feedback

Battery take approx 4 hours to charge  
Battery last 2-3 hours of use on full volume  
Microphone takes approx 4 hours to charge  
Microphone lasts max of 4 hours of constant use

MusicOrig feature can produce hugely varied results depending on the structure of the song being played, and not to be relied upon for serious karaoke use. We highly recommend using proper karaoke tracks for reliable karaoke use.

All products and parts come with a standard 12 month warranty from date of purchase. If you have any problems please contact your retailer for help.

#### SAFETY INFORMATION

Read these instructions carefully and heed all warnings  
Do not clean the apparatus near or with water. Clean only with a dry cloth.  
Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.  
Do not use near any heat sources such as radiators, stoves, or other apparatus (including amplifiers) that produce heat.  
Protect the power cord from being walked on or pinched particularly at plugs and the point where they exit from the apparatus.  
Only use attachments/accessories specified by the manufacturer.  
Unplug this apparatus during electrical storms or when unused for long periods of time.  
Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in anyway, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally or has been dropped.  
No naked flame sources, such as lit candles, should be placed on the apparatus.  
Dispose of used electrical products and batteries safely according to your local authority and regulations.

#### ADDITIONAL WARNINGS

The apparatus shall not be exposed to dripping or splashing and no objects filled with liquid, such as vases, shall be placed on apparatus. Main plug is used to disconnect device and it should remain readily operable during intended use. In order to disconnect the apparatus from the main mains completely, the mains plug should be disconnected from the main socket outlet completely. Battery shall not be exposed to excessive heat such as sunshine, fire or the like

**RECYCLING ELECTRICAL PRODUCTS**  
You should now recycle your used electrical goods and in doing so help the environment.  
The symbol means an electrical product should not be disposed of with normal household waste. Please ensure it is taken to a suitable facility for disposal when finished with.  
**IMPORTANT:** Please read all instructions carefully before use and keep for future reference.

- ⚠ Risk of electric shock. Do not open.
- ⚠ Read all instructions carefully before use and keep for future reference.
- ⚠ When servicing, use only identical replacement parts.
