

## How to use Duncan Granite Stone®

- 1. Stir contents of jar thoroughly.
- 2. Apply 1 generous coat with a soft brush; let dry, then apply second crisscross coat.
- 3. Clean up with water.
- 4. Always refer to label instructions for proper application and usage.

## Tips & Techniques

- Granite Stone can be applied to ceramic bisque, fired glazed surfaces, wicker, wood, plastre, glass, papier-mache silk flowers and leaves.
- 2. For raised detailing, apply 3-4 coats.
- For terracotta look, apply 2 solid coats of Canyon Rock Granite Stone; let dry; antique with White Water-Based Antiquing Gel.
