

# NRA-04/04S Pug Mill

Pugmill with Remarkable  
Extruding Capacity

**Forceful Direct  
Gear Driven Motor**

**High Extruding  
Capacity**

**High Quality  
Wedging Function**

**Dual Safety System**

**Compact  
Design**

# Remarkable Wedging Function, Increases Clay Workability

**NRA-04/04S**

## Patent Pending Auger Design

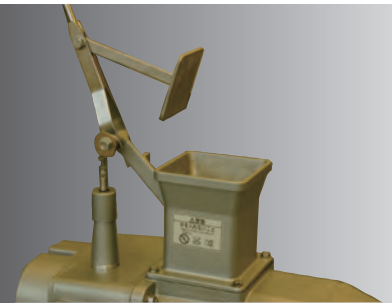

Newly-design augers increase wedging capacity.

The remarkable extruding capability of the NRA-04/04S produces air-free clay and increases clay workability.

Limit switch is a standard safety feature.

## ● Maintenance

## Easy Maintenance after Using

Easy access to interior for cleaning and maintenance.

## ● Specifications

Model	NRA-04	NRA-04S
Dimensions	665(1,025 including clay roller shelf) × 335 × 560 mm	
Weight	65kg	75kg
Screw Revolution	19rpm/50Hz	
Motor	200W 4P Single phase 230V	
Extruding Capacity	400kg/hour	
Structure	Two Screws	
Screw Material	Stainless Steel	
Screw Case Material	Aluminum	Stainless
Extruding Diameter	Dia.90mm	

Note: NRA-04S Includes High Quality Stainless Steel Nozzle and Auger Case
