

INSTRUCTIONS

Assembling Splash Pan

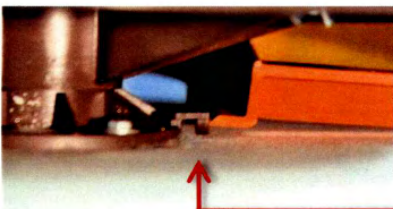

CORRECT

BEFORE YOU START

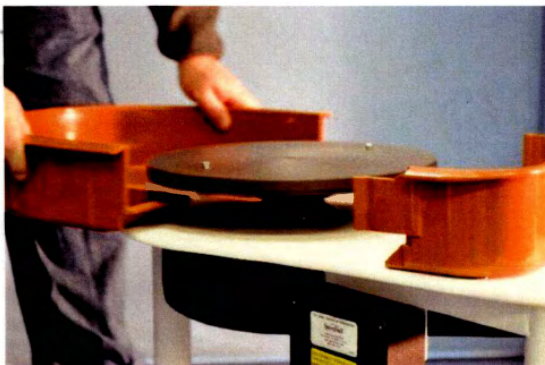

1. To properly assemble your Splash Pan you must insert the flange under the wing.

INCORRECT

When you insert the flange INCORRECTLY it could cause the wing to break. Follow instructions below to properly assemble your Splash Pan.

PROPER STEPS FOR ASSEMBLING YOUR SPLASH PAN

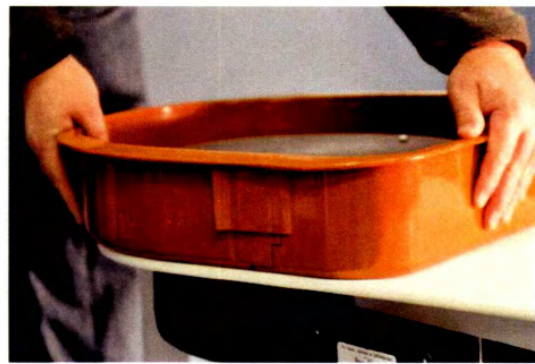

1. Push pan down until it is flat on the table top then slide forward

2. For the second piece slightly pull the clasps out.

3. Pull piece towards you – keeping it flat on the table top.

4. To secure the two together push both sides towards the wheel until the clasps snap together.

Speedball.
