valken

Valken Sports was founded in 2008, headquartered in Swedesboro, New Jersey. We at Valken, are the same guys who created most of the paintball technologies we take for granted these days. We're the pioneers behind your electronic loaders and battery powered markers.

We have recently begun to make waves in the Airsoft market with top notch products without an unreasonable price tag. We offer everything a player needs to go out and play Airsoft from BB's to protective gear, to HPA upgrades.

VALKEN AIRSOFT BB'S

- Premium BB
- Diameter: 5.95mm +/- .01 Tolerances
- Ball bearing quality design
- Polished to perfection

The player's selection of weight can be determined by factoring combinations of play style, airsoft gun (power/upgrades), game environment (CQB/Milsim/Outdoor), and local rule sets.

VALKEN 68/4500 CARBON FIBER HPA TANKS

The second generation of Valken Air continues to produce the best low price, high-performance, ultra-reliable compressed air system that is state-of-the-art, and won't break the bank. Offered in two high-polish gelcoat finishes, this feather-light carbon fiber cylinder is both robust and stylish. Our Valken Regulator is machined entirely out of aircraft-grade 6061 aluminum, with mil-spec hardened anodizing, and laser engraved markings, this reg will survive the gunfight and look good doing it.

VALKEN ALUMINUM 3000 PSI TANKS 48ci & 72ci

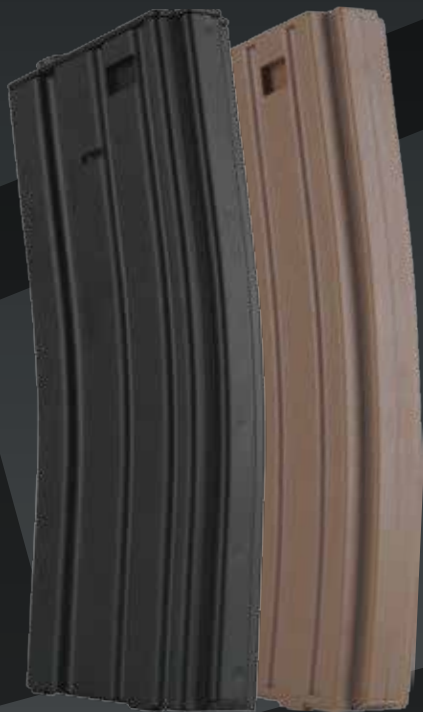

Valken Aluminum tanks are a great start your your HPA kit. Inexpensive and available in 48ci and 72ci.

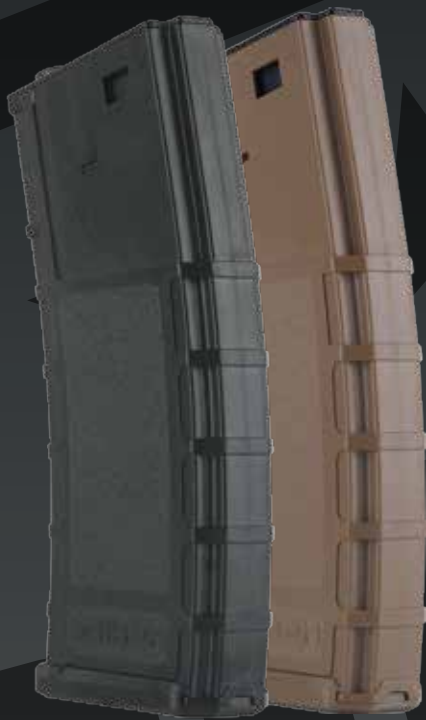

VALKEN BUILD-A-RIG AIR HOSE KIT

MAGAZINE

RMAG

BB MAGAZINES, STEEL MAGS, & RMAGS

Increase your fire power by adding additional magazines to your load-out to stay in the fight longer with the Valken 140 Round Mid-Cap Style magazines that are designed to fit most M4/AR based AEG (Automatic Electric Gun).

*This Mid-Cap fitment and feeding is not guaranteed in all other AEG rifles Includes a re-usable pin and spoon operating mechanism.

Carry more rounds per Magazine with Valken RMAG, with a 300 Round capacity you can double your bb's and shoot faster for longer. With a quality winding spring mech that can wind up to maximum tension to almost empty the entire magazine of even the heaviest weight bb. The RMAG design features a non-slip texture with ergonomic textures the make it easy to pull from your magazine storage and proper indexing for faster reloads.

- **Compatibility***: Tokyo Marui, D-Boys, JG, G&G/Top Tech, AGM, Echo 1, G&P, SRC, VFC and ARES

VALKEN SPEEDLOADERS

- The fastest and most effective way to load your magazines
- Comes in packs of 2

VALKEN SUPPRESSOR

- Compatible with most airsoft guns
- Rapid detachment
- Mock noise suppressor

THUNDER B

Sound Grenades

VALKEN V12 THUNDER B DISTRACTION DEVICE

Sound distraction devices are used to create a loud BANG. They are designed to mimic the flash-bangs used by military and law enforcement. The Valken Tactical Thunder B sound distraction devices come in several shell styles.

- Includes a re-usable pin and spoon operating mechanism
- Developed to stun or distract unsuspecting opponents
- Powered by 12 gram CO2 cartridges (sold separately)

VALKEN EYE PROTECTION

Valken Offers four tactical goggle lines to meet your needs. The Echo and Zulu goggles are lightweight open goggles, while the Sierra and Tango (Coming Soon) goggles offer a full sealed protection. All goggles come in 3 options with the following lens colors:

- Clear
- Smoke
- Yellow

**ECHO**

VALKEN ECHO GOGGLES

- Indirect vented foam carriage provides maximum dust protection with sufficient airflow, providing an outlet for heat to reduce fogging
- Fully adjustable elastic strap with quick release attaches to temples providing a secure fit
- Polycarbonate lenses filter out more than 99.9% of harmful UV light
- Removable inner foam lens clip provides extra comfort and protection from airborne particles
- Remove the lens clip and strap to reveal a sporty safety spectacle
- Meets ANSI/ISEA Z87.1 high impact requirements
- Meets CAN/CSA Z94.3-0

SIERRA

VALKEN SIERRA GOGGLES

- Fully adjustable elastic strap with quick release attaches to temples providing a secure fit
- TPU frame features excellent resistance to cold and heat and provides a perfect facial seal
- Special indirect ventilation system located at the top and bottom of frame allow air flow & heat release
- Includes a wide adjustable elastic strap with quick release system for secure fit
- Exceeds ANSI Z87.1 high impact requirements
- CE EN166 certified
- CAN/CSA Z94.3-07
- MIL-V-43511c ballistic standards

ZULU

VALKEN ZULU GOGGLES

- Sporty, lightweight design eliminates the bulkiness and weight of a goggle
- Fully adjustable elastic strap with quick release attaches to temples providing a secure fit
- Quick release interchangeable temples and an elastic strap
- Indirect vented foam carriage provides maximum dust protection, as well as a sufficient airflow outlet for heat
- The thermal system provides anti-fog protection in the worst weather conditions or extreme-temperature working environments
- Meets ANSI/ISEA Z87.1
- Meets MCEPS Class 1 Military standards
- Meets CAN/CSA Z94.3-07 standards
- CE EN166 certified

VALKEN MI-9 GOGGLES

The MI-9 goggle is the newest member to the MI Goggle Series goggles. The MI-9 goggle is similar to the previous MI-7 goggle, but will feature a more flexible bottom. The MI Goggle Series is one of the best mask dealers in the industry. High levels of comfort, plenty of peripheral vision, and protection are what make the Annex series such a great paintball goggle. All Annex goggles include the standard features, a thermal lens to prevent fogging, comfortable foam, patented quick release lens, and angled ventilation. The MI-9 is available in Black, Red, Blue, Olive, and White.

- Features similar to the MI-7 Goggles with addition to a flexible bottom
