

Style. Artistry. Perfection.

Introducing the Isle of Dogs Vanity Series, a collection of professional styling products inspired by the search for physical perfection. Designed for the demanding conditions of show grooming and competitive styling, the Vanity Series maintains both the health and manageability of the coat, while giving you total control over the look and feel. Mixing and layering these products will help you achieve an infinite variety of styles, limited only by your artistry and imagination.

You say you have no limits. How vain?

PRODUCT GUIDE

Available sizes:

266 ml (9oz)

Isle Hold

This non-aerosol foam mousse gives you the control of a gel in a conditioning mousse. Provides incredible volume and extra styling control, without leaving a tacky residue.

features + benefits

- unlike other mousses, Isle Hold will not leave coat feeling sticky or tacky
- non-aerosol so it doesn't dry the coat or contain carcinogens
- foaming solution dispenses wetter mousse for easier application and more solution rather than air

what you should know

For building coat or volume, use Isle Thicken first, dry coat to about 90%, then apply Isle Hold and dry 100%. For best results, use in a wet coat and blow dry in.

directions

Pump foamer 2 to 3 times into palm of hand and work into wet/damp coat from roots to ends. Blow dry, and style as usual. Used in leg furnishings, it will hold them in place to maximize the appearance of having length. Or work it into the short hair on the legs and style, going against the direction the coat grows to give the appearance of more bone. Great for cheeks or ruffs.

ingredients

Purified water, Polysorbate 20, PVP, Decyl Glucoside, Glycerol Oleate, Coco Glucoside, Glycerin, Panthenol, Sodium Benzoate, Benzopheneone 4, Fragrance

Available sizes:

250 ml (8.4oz)

Isle Repair

A botanical leave-in conditioner infused with vitamin-rich Rosa Canina and Chamomile extracts for deep conditioning, repairing damage, and smoothing.

features + benefits

- can be used as both a treatment and finishing product
- eliminates stray and fly-away hairs while controlling static
- perfect for flowing-coated breeds and to smooth toplines or backcoats
- great for dropping creases out of long ear furnishings
- continued use helps heal dry or damaged coats and replenish luster over time

what you should know

When you go to the hairdressers, do they ask you about putting a treatment through your hair? You may not have thought you needed it but after it is done your hair feels incredible. Sometimes we do not realize how much a treatment can help. Heating and air conditioning systems can take quite a toll on the coat. Not only do they dry out the hair but they can also cause static and the coat be very fly away. This penetrating leave in conditioning treatment will not only help to nourish and repair dry or damaged coats, but it will also help to prevent damage. Take preventative action now: keep the moisture in and dryness away.

directions

Work a small amount into a damp coat with hands. Proceed to blow dry hair with warm heat. May also be diluted up to 10:1 and used as a grooming spray.

ingredients

Water/Aqua, Hydroxyethyl Cellulose, Amodimethicone, Octoxynol-40, Isolaureth-6, Cetrimonium Chloride, Panthenol, Chamomilla Recutita (Matricaria) Flower Extract, Geranium Maculatum Extract, Rosa Canina Fruit Extract, Achillea Milleflorium Extract, Emulsifying Wax NF, Guar Hydroxypropyltrimonium Chloride, DMDM Hydantoin, Methyl Gluceth-20, Methylparaben, Propylene Glycol, Fragrance/Parfum, Propylparaben, Citric Acid, Benzophenone-4, Red #40, Orange #4

Available sizes:

200 ml (6.7oz)

Isle Straighten

Developed especially for breeds who need a flat, silky lay to the coat, this Birch Bark-infused spray straightens and smoothes hair, while protecting the coat from thermal damage.

features + benefits

- · styling tools will slide through the hair
- leaves a lustrous shine and radiance not to be surpassed
- works great as a detangler and anti-static solution
- great for wrapping banding

what you should know

Think of this as a muscle relaxant for the hair shaft. By using on a wet/damp coat the water helps Isle Straighten to penetrate the hair and thus relaxing it so you can straighten. Hold about 12" from area and lightly mist letting the mist fall onto the damp coat. Make sure to use a brush which enables you to get some tension on the coat while blow drying. Used regularly you can train the coat to lay the way you want. Use this product very sparingly; you can always add more if you need to. For the "No Hope" mats, saturate area and then start combing through them.

directions

Holding approximately 12" away from coat, spray very lightly onto wet/damp coat. Dry and style as usual. Use sparingly as a little goes a long way. If used as a detangler, apply product as needed to dry comb the coat, then follow with a bath. If you need to smooth away the frizzies, lightly buff it into the top coat with a bristle brush.

ingredients

Cyclomethicone, Isopropyl Palminate, Dimethiconol, Octyl Methoxycinnamate, Birch Bark Extract, Lemongrass Extract, Jojoba Oil, Tocopheryl Acetate, Fragrance

Available sizes:

250 ml (8.4oz), 1 liter (33.6oz)

Isle Strengthen

A revolutionary leave-in conditioner that prevents breakage and increases flexibility to decrease damage from constant brushing and styling.

features + benefits

- creates shine without weight
- detangles while it strengthens and smoothes
- · horsetail extract for strength and shine
- aloe extract for smoothing hair and soothing the skin
- green Tea extract for protecting hair from environmental assault

what you should know

Imagine 2 rubber bands: one that is new and one that is old and brittle. The new one will stretch and has flexibility; the old one will break easily. Think of the hair the same way. It is important to keep it conditioned, flexible, and strong. Brushing a dry coat will cause it to break easier. This is why the professionals always mist a coat before brushing and grooming. By using this product, it helps to lubricate the hair shaft. It also increases the flexibility and tensile strength, thus increasing coat condition and length. Formulated so it can be used on a daily basis.

directions

Can be used daily as a grooming spray to increase tensile strength. Spray into wet or dry coats, and comb through. Add additional styling aids if needed. Can also be diluted 2:1 with water and used to re-wet the coat for last-minute touch-ups.

ingredients

Water/Aqua, Cetrimonium Chloride, Hydroxypropyltrimonium Honey, Polyquaternium-11, Hydrolyzed Silk, Amodimethicone, Silk Amino Acids, Polyquaternium-4, Equisetum Arvense Extract, Aloe Barbadensis Leaf Juice, Camellia Sinensis Leaf Extract, Ethylhexyl Methoxycinnamate Phytantriol, Tocopheryl Acetate, Ascorbic Acid, Trideceth-12, Fragrance/Parfum, C11-15 Pareth-7, C12-16 Pareth-9, Glycerin, Polysorbate-20, Methylchloroisothiazolinone, Methylisothiazolinone, Blue #1, Yellow #5

Available sizes:

118 ml (4oz)

Isle Smooth

This cream was designed with textured, unruly hair in mind. Just a small amount will smooth down the frizz and cut down on drying time with soft and pliable results.

features + benefits

- helps tame flyaways
- smoothes down toplines
- helps stop clumping of the coat

what you should know

By helping to penetrate the hair, this product will reduce the frizziness produced by humid environments and the static caused by dry, winter conditions.

directions

Place a small amount in palms and rub together, work through wet hair before styling. Proceed to blow dry. Hair will dry fast and soft without weighing it down. Use alone or cocktail with other styling products.

ingredients

Water/Aqua, Cetearyl Alcohol, Glycerin, Behentrimonium Methosulfate, Di-PPG-2-Myreth-10-Adipate, Hydrogenated Castor Oil/Sebacic Acid Copolymer, Cetyl Alcohol, Hydroxyethylcellulose, Propylene Glycol, Amodimethicone, Polyquaternium-59, Butylene Glycol, Disodium EDTA, Sodium Benzoate, Isolaureth-6, Octoxynol-40, Fragrance/Parfum, Tocopheryl Acetate, Methylisothiazolinone, Benzyl Bemzoate, Limonene, Benzyl Salicylate, Butylphenyl Methylpropional, Alpha-Isomethyl Ionone

Available sizes:

207 ml (7oz)

Isle Thicken

Designed to transform an ordinary coat into a luxuriously thick coat, this styling crème gives hair a natural appearance with unbelievable thickness, incredible definition and attitude.

features + benefits

- · gives volume and thickness
- perfect for dogs who are out of coat
- wheat protein improves body and shine

what you should know

Do you want a thicker, fuller-looking coat? Isle Thicken will help to swell the individual hairs to make the coat not only look thicker and fuller but to also feel that way too. It will turn thin, wispy "left-overs" into a thick, voluminous coat on dogs that are out of coat. This product gives the volume you lack without the stickiness or tackiness. Build the look of more bone, a broader muzzle or thicker, plusher ears. Can be mixed with Isle Hold for both volume and hold.

directions

Can be used straight or diluted. If used straight, it is best on a damp coat, and only a very small amount is required. Dilution depends on coat type and can be anywhere from 1/2 tablespoon to 2 tablespoons diluted with water in an 8 oz. spray bottle. Spray into the coat and blow dry. TIP: When mixing, place one inch of water in bottom of spray bottle, add product, shake, then add balance of water.

ingredients

Water/Aqua, Glycerin, Glyceryl Stearate, Cetyl Alcohol, VP/VA Copolymer, Glycerin, Stearalkonium Chloride, PEG-150 Distearate, PEG-100 Stearate, Centrimonium Chloride, Glycol Stearate, PEG-12 Dimethicone, Methylparaben, Dicetyldimonium Chloride, Fragrance/Parfum, DMDM Hydantoin, Wheat Amino Acids, Propylparaben, Red #40, Orange #4

Available sizes:

237 ml (8oz)

Isle Lift

This non-aerosol, protein-rich root lift spray helps give structure at the root/base of the coat so you can achieve extra height and volume exactly where you require it. The directional applicator delivers the product directly to the desired area.

features + benefits

- builds extra height and volume
- directional applicator allows for precise application
- protein-rich

what you should know

The directional applicator delivers maximum lift, so the coat stands up and away from the body. Works great for overall lift and volume, but can also be targeted to areas such as head furnishings and eyebrows.

directions

Directing the applicator tip into the desired area, spray into the roots or undercoat, and blow dry or style. Can also be sprayed onto fingertips and worked into head or leg furnishings.

ingredients

Purified water, SD Alcohol, PVP/VA Copolymer, PVP, PEG-40 Hydrogenated Castor oil, Panthenol, Coconut oil, Sweet Almond Oil, Dimethicone Copolyol, Citrimonium chloride, Fragrance.

Available sizes:

120 ml (4oz)

Isle Revive

This product enhances the coat by adding definition to curls and waves, while also adding body and suppleness to straight hair. An instant fix for drab, dry, lifeless coats as it will add the "spring" you see in the best conditioned coats.

features + benefits

- defines curls and waves
- adds body and suppleness
- instantly revives lifeless coats

what you should know

Do you need to breathe life into a dull, dab coat? Revive the coat with Isle Revive. Working the product into a damp coat will instantly add definition, body, and suppleness to a lifeless coat. May be diluted 10:1 to adjust to all types of coats.

directions

Apply a small amount into hands and rub together. Work into a damp coat, and style as usual. May be diluted up to 10:1 with water and sprayed into the coat before styling.

ingredients

Purified water, Glycerin, PVP / VA Copolymer, Dimethicone Copolyol, Acrylates/C10-30 Alkyl Aceylate Crosspolymer, Isopropyl Myristate, Nonoxynol 10, Triethanolamine, Tetrasodium EDTA, Coconut oil, Sweet Almond Oil, DMDM Hydantoin, Styrene/Acrylates Crosspolymer, Fragrance.

Available sizes:

237 ml (8oz)

Isle Texture

Boosts texture and adds incredible volume, while building full-on dimension and definition. Creates a range of looks for all coat types.

features + benefits

- boosts texture for dimension and definition
- provides holding power
- increases volume
- protects coat from breakage and heat damage

what you should know

Never sticky or tacky and will not weigh the coat down. Perfect for holding the coat in place for scissoring; yet still brushable.

directions

For use in wet or dry coats. Spray directly into coat, or hands, and work into coat. Use hands or tools to shape coat as it dries naturally or with heat.

ingredients

Ethyl Alcohol, Purified water, Vinyl Acetate/Crotonic Acid/Vinyl Neodecanoate Copolymer, Aminomethyl Propanol, Sweet Almond oil, Glycerin, Vitamin E, Fragrance.

Proudly made in the USA, with USA sourced ingredients.
