# Art in Translation - Art Journal Class

**Let's explore several master artists and get inspired by their artwork and techniques to create wonderful and unique art journal pages.**

Whether it be the Impressionist's amazing color combinations or some of the Surrealist's fun collage techniques, there are many different Master Artists whose skills can serve as a starting point for your own artwork. Find out what you like and what works for you. Learn about opacity and layering, colors, troubleshooting, mixing materials, making your own tools, creating backgrounds and patterns. We will work with acrylic paints, inks, markers, wax bars and other paint media to create dimension and texture. We will make the most of stencils, stamps, mono printing plates and generic tools to make our own mark.

**Get ready to Rule Your Art Journal!**
