**BAUSELE PILOT AUTOMATIC**  
*Innovation meets style and functionality*

An original in the BAUSELE collection, the Pilot Automatic makes for the optimal wrist companion with pioneering functionality and innovative style. A true classic, the Pilot Automatic was inspired by watches traditionally worn by aviation pilots. Bold and defined, featuring nest quality materials including a solid ceramic case and sapphire crystal on the front and back with Superluminova hands the Pilot Automatic is the epitome of durability, strength, and resembles a strong desire for innovation.

**Origin** Swiss Made  
**Diameter** 44mm  
**Movement** Automatic Self-winding  
**Glass** Sapphire Glass  
**Water Resistant** 5 ATM

**About Bausele**

Bausele is the first Swiss made, Australian designed watch company known for leading and reliable craftsmanship – conceived by Christophe Hoppé and born out of a passion for watches and his love of Australia. Each Bausele is unconditionally linked to its Australian heritage because of the signature hollow crown feature, holding unique elements of Australia including red earth from the Outback, sand from one of the beautiful beaches or opal from under this ancient land. Created to suit the modern Australian way of life.

**Activating Your Pilot Automatic**

The complexity of the superlative accuracy provided by the exacting quality movements within your timepiece, are belied by the pure simplicity of function needed to use it.

1. Unscrew crown

2. Pull out first stop to set date

3. Pull out second stop to set date

Once time is set, push crown back and screw in gently.

**Warranty:**

This product is under warranty for the period of five years from the date of purchase, issued with the invoice. Please see instructions on [www.bausele.com](http://www.bausele.com).

**Important - Warranty does not cover:**

- Water infiltration due to failure to completely screw down the crown.
- Damage caused by careless or incorrect use.
- Breakage caused by accident, tampering and/or repaired by unauthorised persons.
- Watchband, glass or batteries.

**Water Resistant Chart**

|                              | WATER RESISTANT | 50M 5 BAR | 100M 10 BAR | 150M 15 BAR | 200M 20 BAR | 1000M 100 BAR |
