### ScopeValet™ Endoscopy Procedure Kits

#### All-in-one Kits to Maximize the Efficiency of Endoscope Reprocessing

ScopeValet™ ENDOSCOPY PROCEDURE KITS provide a safe and efficient way for you to prepare, begin and perform the reprocessing procedure. Each kit provides you with all the necessary supplies you need for every Endoscopy case in one convenient package.

ScopeValet™ Endoscopy Procedure Kits are available in five different pre-packed assortments which provide the essential items required for each of the various procedures. Each package is labeled and color-coded to easily identify its contents and the procedure for which it is intended to be used.
