22nd March 2018

To Whom it may concern,

Luggage-x

The Luggage –X brand has more than lived up to our expectations and has proved to be a very well-made range with enormous resilience.

We have proved this product under extreme circumstances during repeated airport testing, and it has more than demonstrated its worth. We have received no complaints, and more than 1000 items of Luggage-x are in daily use up and down the country.

The combination of polypropylene and a strongly engineered trolley frame and spinner wheels have proved to be a winning formula. Nadim has also assisted us in obtaining bespoke items and colours for our special requirements.

Yours sincerely,

Peter Mutton Business Development Manager
