6

1. Installing the battery

1. Open the battery compartment.
2. Fit the supplied 3V CR2032 lithium battery in the battery compartment. Note the plus and minus pole symbols on the holder.
3. Close the battery compartment.

2. Set switch-off delay to "0"

Turn the switch-off delay to the "0" position. The automatic switch-off delay can be changed after a connection has been made with a Trust SmartHome receiver.

3. Control 1 or multiple receivers

To control one or several receivers simultaneously, assign this transmitter to the memory of the receiver(s). Read the receivers manual for the code learning procedure.

4. Operation of a Trust SmartHome receiver

ON-signal: when both parts are pulled away from each other, the transmitter will send an ON-signal to the Trust SmartHome receiver.

OFF-signal: when both parts come together, the transmitter will send an OFF-signal to the Trust SmartHome receiver. It is also possible to select a 2-20 minute delay.

5. Select switch-off delay

0: The OFF-signal is sent directly when the 2 parts of the transmitter are put together.

2m - 20m: The OFF-signal is automatically sent after 2-20 minutes, regardless whether the door/window is open or closed.

6. Affix magnetic contact switch

Affix the two parts onto a window or door frame. The arrows on the 2 parts should be facing each other and the gap between the parts should be as small as possible (max. 1,5 cm). The product is now ready for use.

WIRELESS CONTACT SENSOR

COMPATIBILITY

This transmitter works with all Trust SmartHome receivers.

FUNCTIONALITY

Wireless magnetic contact switch for switching Trust SmartHome receivers on/off when a door or window is opened/closed.

TECHNICAL SPECIFICATIONS

- Battery 1x 3 Volt CR2032 lithium
- RF frequency 433.92 MHz
- RF range Up to 30 m indoor/70 m outdoor (optimal conditions)
- Switch-off delay Yes (2/4/6/8/10/15/20 minutes)

WIRELESS RADIO SIGNAL

- The 433.92 MHz radio signal passes through walls, windows and doors.
 - Indoor range: up to 30 m. Outdoor range: up to 70 m. (optimal conditions)
 - The range is strongly dependent on local conditions, such as the presence of metals. For example, the thin metal coating in Low-emissivity (Low-E) glass has a negative impact on the range of radio signals.
 - There may be restrictions on the use of this device outside the EU. If applicable, check whether this device complies with local directives.
- 

LEGAL INFORMATION

CE: Trust declares this device complies with the Directives as listed in Section 2 of this document.
WEEE: Dispose of the device at a recycling centre. More information: www.trust.com
Warranty information: www.trust.com/warranty

Read these simple guidelines. Not following them may be dangerous and faulty installation will invalidate any warranty that may apply to this product.

BATTERY

Remove the battery if the product will not be used for an extended period. Extreme temperatures reduce the capacity and lifetime of the battery.

Replace the battery when the reach of the transmitter starts to decrease.

Do not crush, burn or shred batteries. Dispose of batteries according to local regulations. Please recycle when possible. Do not dispose as household waste.

LIFE-SUPPORT

Never use Trust SmartHome products for life-support systems or other applications in which equipment malfunctions can have life-threatening consequences.

INTERFERENCE

All wireless devices may be subject to interference, which could affect performance. The minimum distance between 2 receivers should be at least 50 cm.

REPAIRING

Do not attempt to repair this product. There are no user-serviceable parts inside.

WATER-RESISTANCE

This product is not water-resistant. Keep it dry. Moisture will corrode the inner electronics.

CLEANING

Use a dry cloth to clean this product. Do not use harsh chemicals, cleaning solvents, or strong detergents.

HANDLING

Do not drop, knock, or shake the device. Rough handling can break internal circuit boards and fine mechanics.

ENVIRONMENT

Do not expose the product to excessive heat or cold, as it can damage or shorten the life of electronic circuit boards and batteries.

CE Declaration of Conformity

Trust International B.V. declares that this TRUST SMART Home-product:

Model: AMST-606 WIRELESS CONTACT SENSOR
Item number: 71018
Intended use: Indoor

complies with the essential requirements and other relevant provisions of the following directives: EMC Directive (2004/108 / EC), Low Voltage Directive (2006/95 / EC), ROHS (2011/65 / EC) and R&TTE Directive (1999/5 / EC.) The product is compatible with the following norms/standards:

EN 300 220-1 V2.4.1 (2012-05)
EN 300 220-2 V2.4.1 (2012-05)
EN 301 489-1 V1.9.2 (2011-09)
EN 301 489-3 V1.6.1 (2013-08)
EN 61000-4-2:2009
EN 61000-4-3:2006 +A1:2008 +A2:2010
EN 62479:2010
EN 60669-2-1 :2004 + A1 :2009 + A12:2010
EN 60669-2-2:2006
EN 60669-1 :1999 +A 1 :2002 + A2:2008
EN 50581:2012
