

Delivering American power to the pavement

ATTENTION 2007-2010 Touring, Softail and Dyna models:

If you have not already upgraded to the H-D™ oil drip diverter, we highly recommend this. This will ensure the life of your new compensator sprocket assembly by directing the oil flow to it. The following drip diverter part numbers may be ordered direct from us or your local factory H-D™ dealership.

DRIP DIVERTERS (Model dependent):

H-D™ PN: 62700063 oil drip diverter 2007-2010 Touring models

OR

H-D™ PN: 62700064 oil drip diverter 2007-2010 Softail and Dyna models

ADHESIVES:

***H-D™ PN: 11100088 Adhesive kit**

***We do not stock or inventory the adhesive**
