MagEZ Mount Qi Desktop
User Manual

Contents

Welcome & Intro:

Thank you for purchasing the PITAKA MagEZ Mount Qi Desktop. The PITAKA MagEZ Mount Qi Desktop can wirelessly charge your phone with the MagEZ Case on. You can easily adjust the angle through the 360° rotatable ball head.

Package Contains:

- MagEZ Mount Qi Desktop * 1
- Cable * 1
- User Manual * 1
- FCC Certification Card * 1
- Warranty Extended Card * 1

Features:

- The MagEZ Mount Qi Desktop supports charging or fast charging all Qi-compatible mobile phones.

- The MagEZ Mount Qi Desktop equips a built-in cooling fan, which dissipates heat and boosts up charging efficiency.

- Designed with overvoltage protection, under-voltage protection, over-temperature protection, over-current protection, short-circuit protection, FOD protection and auto-reboot function, the MagEZ Mount Qi Desktop is safe to use.

- Fast charging protocols that support Type-C input port: PD+QC 3.0 fast charging protocols.

Compatibility:

All wireless charging receiving devices that support Qi standard.

Spec:

Items	Specification
Working Frequency	110KHz - 205KHz
Input Voltage/ Current	DC 5V/2A 9V/2A
Output Power	5w/7.5w/10w
Transmission Distance	≤8mm
Transfer Efficiency	≤75%

Additional Functions:

1. Basic transmitting functions: 5w/7.5w/10w output; designed with FOD protection, over-temperature protection, over-current protection and short-circuit protection; maximum output efficiency: 75%.
2. No overheat when charging. The temperature can be controlled below 50℃.

Quick Guide:

Install Turning Head

1. Put the plastic bolt with the above side over the ball-shaped turning head.

2. Put MagEZ Mount Qi Desktop and ball-shaped turning head together until they firmly fixed.
3. Rotate the bolt to tighten it with the charging pad.

Install Suction Cup Base

1. Find a proper place on your desktop and clean the surface.
2. Remove the detachable pasting on the suction cup base.

3. Adhere MagEZ Mount Qi Desktop tightly to the place you like.
Charge Your Phone

1. Thread the charging cable through the hole of the suction cup base.
2. Connect MagEZ Mount Qi Desktop's Type-C port and your charger.

3. Attach your phone on MagEZ Mount Qi Desktop to charge.

Warranty:

At PITAKA, we are always striving to provide our customers with the best quality products. The PITAKA MagEZ Mount Qi Desktop is warrantied for 12 months from the date of purchase.

The MagEZ Mount Qi Desktop is warranted to be free defects in materials and function under normal use. A defect is defined as an imperfection or flaw that is produced by a manufacturing error, including malfunction of the wireless charging or surface defects, etc.

The warranty is non-transferable and covers the original end-user purchaser. PITAKA will only authorize the warranty claim if the products were purchased from an official store or an authorized dealer. For full details regarding warranty terms and exclusions, please visit: ipitaka.com/pages/shipping-warranty.

MODIFICATION: Any changes or modifications of this device could void the warranty.

Exclusions & Limitations:

Except for the limited warranty expressly set forth or to the extent restricted or prohibited by applicable law, PITAKA expressly disclaims any and all other warranties express or implied, including any warranty of quality, merchant ability, or fitness for a particular purpose, and you specifically agree that PITAKA shall not be liable for any special, incidental, indirect, punitive, or consequential damages of any type on any PITAKA product. In addition to and without limiting the generality of the foregoing disclaimers, the limited warranty does not, under any circumstances, cover the replacement or cost of any electronic device or personal property inside or outside of the PITAKA product.

Important:

1. The charger's power is suggested PD+QC18W. The charger should support PD+QC protocols.

2. For your safety, please use the chargers that are safety standard certificated to power MagEZ Mount Qi Desktop through Type-C connector.

3. The charging cable can support 2A or higher electric current.

4. To have the best charging performance, do not place other objects between MagEZ Mount Qi Desktop and wireless charger.

5. Please place the mobile phone on the exact wireless charging area of MagEZ Mount Qi Desktop when charging.

6. Do not keep the MagEZ Mount Qi Desktop in a high-temperature environment, including heat caused by intense sunlight or other forms of heat. Do not place it in fire or other excessively hot environments.

7. Do not store, use, or charge the MagEZ Mount Qi Desktop in a humid environment.

FCC WARNING:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, according to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used following the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-- Reorient or relocate the receiving antenna.

-- Increase the separation between the equipment and receiver.

-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC' s RF Exposure guidelines, this equipment should be installed and operated with minimum distance between 20cm the radiator your body: Use only the supplied antenna.
