Tax-Exemption

We collect the mandated sales tax in New York State. We will not charge sales tax for equipment/services that are purchased by entities located outside of New York State.

Only sales tax exempt organizations who pay for the purchase from their own funds may qualify for sales tax exemptions. As mandated by New York State law, we require a sales tax exemption certificate from you, or sales tax will be charged.

Is your sales tax exemption certificate attached? If no, please email us such certificate prior to placing your first order.

Please email this form and your exemption certificate to
info@gfloorball.com
